

# SAHIL PATRO

Student of Architecture

I am Sahil Patro, Student of Architecture and a Growth Strategist seeking opportunities in the field of Architectural Design and Planning.

I believe that Architecture is a versatile field full of imagination; the ability to develop ideas with passion, communicating with simple, aesthetic, creative, and meaningful points.

Learning is a feast to my mind and implementing the same to magnify outcomes is what I thrive for. My goal is to constantly expand my design and planning skills and obtain knowledge at a professional level that encourages personal growth.
