Hello,

I am a fourth-year architecture student studying in Sir J.J. College of Architecture who is curious observant and learner. I am passionate about my work. I am an ambitious, focused, organized, and result-orientated individual. I believe in research and application to streamline concepts into architecture that can make a difference to society.

This portfolio consists of my selected works (2018-2021) from my architectural journey so far. I hope you would like it!
